

**Lake Erie, Our Kin Screening | Tom Ridge
Environmental Center
Saturday, June 3, 2023 – 5-8 pm**

"Lake Erie, Our Kin", is a documentary created for WQLN's Chronicles Series. The 1-hour film will be screened at the Tom Ridge Environmental Center Big Green Screen theater on Saturday, June 3rd with the filmmakers and its subjects! This event is FREE and open to the public.

Co-hosted by PennFuture, Lyons Den Productions, and Our Water, Our Air, Our Rights, the event will begin at 5 pm with a networking hour, followed by a screening of the film at 6 pm and a discussion and Q&A.

Registration is encouraged but not required. Light refreshments will be provided. Register via Eventbrite so we may have an accurate headcount: <https://lake-erie-our-kin-screening.eventbrite.com>

Directed by John C. Lyons and Melissa Troutman, "Lake Erie, Our Kin" is about more than Lake Erie, one of the 5 Great Lakes that make up the largest body of fresh surface water on planet Earth. It's about relationships and how we show up in the world that we call home.
